Accepted (Y/N)? _____ Intended area of study: _____

Please provide a resume, or information below:

Field and Work Experience

List internships and/or job experiences you have had.

Activity	Paid or Unpaid	Location/Year

(If additional space is needed, use a separate sheet of paper and attach it to this form.)

Community Service

List community service activities you have done.

Activity	Location/Year

(If additional space is needed, use a separate sheet of paper and attach it to this form.)

School and Extramural Activities

List activities and/or organizations in which you have participated. Include offices you may have held and honors you may have received.

Activity	Year

(If additional space is needed, use a separate sheet of paper and attach it to this form.)

Statement of Interest in a Career in Water

On a separate sheet of paper, provide a brief essay (one or two pages) that describes your interests with respect to a career in drinking water. This could include water or wastewater treatment plant operator, water distribution system operator, chemist or laboratory technician, biologist, ecologist, environmental or civil engineer, mechanical/electrical/plumbing trades, and any other water-related field.

Graduate School Study Plan

If you are applying for a graduate-level scholarship, provide a brief description (no longer than two pages) of your interests and study plans for graduate school.
