

## *Associated Student Government Personal Statement*

Greetings! My name is Kristie Macogay and I am a third year Cuyamaca College-student running for ASG President! As president, I want to continue the efforts in expanding the best Cuyamaca College-experience as possible socially and academically. I would like to improve and support our campus resources and improve the communication and engagement between students with our faculty and staff. Any candidate can make promises, but I follow through. In this semester as senator, I have made several accomplishments and experiences that would qualify me as a suitable candidate for the position:

- >Worked with ASGCC in projects such as student activities and cultural events with voice input in the board meetings
- >Participated in campus events including ASG-facilitated events such as concerts and festivals
- >Represented the Cuyamaca student body in committees such as the Student Senate of California Community College's Region X
- >Provided Office hours to help students in any campus assistance

If you're looking to elect the most approachable, dedicated, and proactive candidate, who can and will execute arrangements, vote for Kristie Macogay as President!
