

COLLEGE-WIDE BASIC SKILLS STUDENT LEARNING OUTCOMES

To be considered successful, the student will be able to...

Establish & Monitor Goals

Define their life, career, and/or educational goals, and develop and monitor an action plan for successfully achieving those goals.

Utilize Campus Resources

Identify, navigate, and consistently utilize campus resources (including but not limited to the library, bookstore, counseling, Writing Center, STEM Center, General Tutoring Center, DSPS, computer labs, and financial aid).

Apply Essential Academic Skills

Apply essential reading, writing, ESL, mathematics, study, learning, communication, and information technology skills to succeed in college-level courses.

Apply Life Skills

Apply life skills such as following directions, time management, punctuality, respect for self and others, and ability to work effectively within groups to succeed in college-level courses.
