🐾 Coyote Kick-off

In August, Outreach hosted their first-ever fall kick-off event. Incoming freshmen who completed the matriculation steps (application, orientation, assessment, and advising) during the Coyote Connection workshops held at the local high schools were invited. Approximately 50 students attended. The agenda included topics on success in college, transfer, career services, student involvement, and student code of conduct. Students were given a tour by the Ambassadors and heard from Financial Aid and DSPS staff. Attendees also participated in icebreakers and at the end of the session, worked with a team to create and present their ideal successful college student profile to the rest of the group.

🐾 College Hour: Chaldean Culture and Traditions

Sponsored by the Associated Student Government, the August College Hour was an opportunity for students, staff, and faculty to join together to celebrate the Chaldean culture. Cuyamaca College students enjoyed complimentary food provided by the Chaldean American Association, Inc. and live Chaldean music.

🐾 Student Health Services Welcomes Students Back

As part of the Welcome Week activities, Student Health Services helped students get ready for the semester. 235 students came through their office for Fitness Screenings (blood pressure and body mass index including height and weight); 28 blood donations and 6 bone marrow donations. The Sexual Assault Presentation Training class attracted 32 participants. Health Outreach tables during the first week of classes provided information to 50 to 100 students each day.

🐾 CalWORKs a Busy Place

CalWORKs staff has been busy placing Work Study students in positions all over campus. There are 33 continuing students from last semester and 13 new students this semester. Students work in CalWORKs, EOPS, DSPS, DSPS High Tech Center, Assessment, Child Development Center, Health Services, Math, Tutoring, Writing Center, ESL, Tech Mall, Financial Aid, Admissions & Records, Career Services, and the Library. Last year 58 students were placed and worked a total of 16,237 hours and earned almost \$170,000. Hourly pay rates range from \$9 to \$16 depending on skill level and job function. CalWORKs work study students fulfill much needed front office, classroom, and other student-centered assistance thus saving department budgets for other uses. Students are placed every fall and spring semester. Some are able to work during intersession and summer due to year-round needs.
