I would encourage other students to participate in Student Success Day	0% 0	1% 1	42% 48	57% 66	115
I am satisfied with Student Success Day overall	0% 0	2% 2	45% 52	53% 61	115

## Q2 Is there any information you did not receive during Student Success Day that you expected to receive?

Answered: 112 Skipped: 3

- No, I received all of the information I expected
- Yes - Please explain what information you expected to receive:

ANSWER CHOICES	RESPONSES	
No, I received all of the information I expected	94%	105
Yes - Please explain what information you expected to receive:	6%	7
<b>TOTAL</b>		<b>112</b>

#	YES - PLEASE EXPLAIN WHAT INFORMATION YOU EXPECTED TO RECEIVE:
1	-
2	-
3	I signed up for a French class but there are only three languages to learn, what should I do?
4	A tour/specific tour for your classes
5	I think I was hoping for more information. I don't know. I think I picked the wrong ACP. But that's alright.
6	-
7	What do certain (other engineering) need

### Q3 What aspect of Student Success Day was most useful?

Answered: 91 Skipped: 24

#	RESPONSES
1	Being part of the community was successful.
2	Learning more about the class
3	It was not bad, I am just jet lagged and it is hard to pay attention when all I am thinking about is sleep
4	The most useful aspect was the college fair
5	The part where we got to get insight of the programs.
6	Having the different depts available to speak with was useful
7	Being separated into my ACP group so I can get a more engaged look into my field or others
8	Food thank you
9	They explained everything really well and I really needed that
10	The info on programs
11	The orientation part and the booths outside
12	The auto tech class
13	Technical presentation
14	The units and hours explanation was extremely helpful and a bit of a refresher from when a few students from Cuyamaca came to my high school and explained everything.
15	The introduction to different classes.
16	The discussion of courses needed for my major.
17	It was very informative
18	The part where we talked about the actual majors.
19	The info meeting
20	Having programs in different booths.
21	The fair - got to learn useful areas/clubs
22	Presentations were definitely helpful
23	The warmness and welcoming attitudes of the helpers :)
24	I felt all of it was useful
25	The different resources that you need for your major and to be successful in college.
26	The most useful aspect of SSD in my opinion was the orientation. I felt the overview was extremely helpful and the introductions of each professor unique and inviting. If I had the time I would take them all.
27	The conference
28	The conference and know about the career
29	Getting to hear from the teachers
30	Finding out how routines work.
31	Breaking up into separate groups and having our own orientations.
32	I appreciated the ACP orientation. [The counselor] did a great job explaining the various aspects-- this is coming from someone who has previously gone to university. I feel super confident.

## Cuyamaca Student Success Day Survey - Fall 2019

33	The part of the job and hours and how much they recommend for you, and what is the best for you.
34	Being taken to a group that all had the same major and plans for college.
35	Exploring the campus.
36	Meeting the professors and understanding how to plan my future.
37	The counselor giving us information, she was great and super useful.
38	The breakdown of different courses in the field of study
39	The most useful part of Success Day was receiving the information about my major and what is expected.
40	The information that was given that were useful.
41	The most useful aspect of Student Success Day is when everyone broke off into their respected ACP groups.
42	Learning about the different kinds of STEM programs available
43	The classes that I'll be taking talks about the major
44	I really enjoyed the breakout session where we got to hear from our ACP group faculty and meet them and get to know our programs people better.
45	Informative, time manner. Everyone was encouraging and friendly. They all gave good advice.
46	Learning the potential and how big graphic design can expand.
47	The introductions of all the counselors/teachers
48	Not sure
49	When I knew there was a piano class upstairs.
50	The going with your group part, for your major
51	Getting to know what to expect
52	Presentation for my major
53	The orientation was the most useful.
54	The slideshows and brochures were very useful.
55	The tour because I didn't know the school at all.
56	Overview of Business ACP
57	Learning more about which classes can help me be more successful
58	Presentation about the major.
59	The presentations were very helpful and I'm looking forward to starting
60	The brief info
61	Giving the information needed for classes to take.
62	The presentations were really good.
63	Everything I learned more of what I have to do and I'm more relieved. Student Success Day was a huge weight taken off my shoulders.
64	Learning about STEM program and how to transfer to either a CSU or UC school.
65	Learning about the various programs, and transferable credits.
66	The information on what I need to transfer.
67	The specialization for each major pathway to learn about what you are trying to accomplish.
68	The separated sessions depending on your major. It's useful to know where to go and there are counselors for STEM
69	The STEM orientation was the most helpful and it provided lots of useful information

## Cuyamaca Student Success Day Survey - Fall 2019

70	The orientation for the major
71	The stuff; the information
72	The STEM lectures, for they outlined the specific requirements for different STEM majors
73	Separation in major and info on major
74	Learning about the programs.
75	Where they explained the classes we need
76	The information about all
77	The information given to me was very useful
78	Learning more about my desired major.
79	Was given clarity regarding the Cuyamaca process
80	The presentation about the different majors.
81	The info of how to apply college life
82	Major/STEM orientation questions were useful
83	The overview of the STEM majors and what classes you need to take for each major.
84	Specifics to our majors; specific courses for specific careers
85	The presentation specific to our major
86	It was all very useful.
87	The individual orientation was very useful and informative
88	The club fair
89	Being able to meet the staff and the other people in my major was very welcoming and I didn't feel so lost on any questions that I had about the program.
90	I think the meeting with staff members that are part of our major section was the most useful because they helped answer our questions about paths for transferring and associate degrees.
91	The orientation and the programs they've explained.

## Q4 How could Cuyamaca College improve Student Success Day?

Answered: 78 Skipped: 37

#	RESPONSES
1	It could improve Student Success Day by receiving information.
2	Presentation
3	More interactive with students
4	I feel like Cuyamaca College could improve Student Success Day by maybe making students interact with other students.
5	Have a small moment to get the group people to know each other to not be so awkward.
6	Have more time for the different departments to describe their section.
7	Clear instructions of meeting areas
8	This was great!
9	With the same help as today, it really helped us; I love it.
10	More time to learn about the specific programs
11	It was great
12	Make the speeches shorter
13	Very well organized
14	There's no need to improve anything, everything was explained really well and left no plot holes.
15	Provide more club and activity booths
16	Provide more booths!
17	I don't know
18	A tour of the school.
19	N/A
20	I believe it was well put together and doesn't need much improvement.
21	Not as much talking, hard to concentrate
22	Maybe have it start a little earlier.
23	They could improve by sending out emails to students regarding their schedule and times for orientation.
24	I felt it was good as it was
25	N/A
26	Tours.
27	It show me the classes that I wanted
28	It show me more the school and the careers.
29	I believe that everything was great
30	I say other students could be involved, but I like it as it is.
31	N/A
32	It was excellent! I appreciate no ice breakers!
33	Having more time so we can get more time.
34	Time management. More time for the speakers.

## Cuyamaca Student Success Day Survey - Fall 2019

35	Cuyamaca could improve Student Success day by having more professors around.
36	Getting to know campus.
37	Making students interact with each other, activities, more dynamic.
38	Nothing, it was great!
39	Nothing, Student Success Day is amazing.
40	To bring in more teachers to talk about the different majors.
41	Bringing in more professors.
42	Everything seems to be perfect just the way it is.
43	An icebreaker--have the small groups do a quick activity to make them more comfortable with speaking and asking questions.
44	I think it's okay how it is. Maybe more time
45	It was good, no need to change
46	Not sure
47	Cuyamaca College could improve Student Success Day by making more people come.
48	More hands-on approach for the performing arts department
49	The opportunity to ask questions and go into a little bit more detail would be better.
50	Student Success Day was perfect.
51	With music in speakers
52	Allow students to make appointments to see counselors
53	More time
54	Everything was perfect.
55	It's already perfect, love the info
56	Make more time for talks to counselors
57	Nothing, it was great.
58	Extra snow cone ticket
59	It was good, maybe have more specific things on a STEM major. For example me, I'm a mechanical engineer major and I wish I knew more about it
60	By making some interactive activities, which would also help the students attending meet new people.
61	They already made my day great!
62	Place the event on an earlier date. Knowing about the courses and plans earlier would've helped a lot.
63	Not much to work on. It was successful.
64	More spread out teachers to give more ideas and advice
65	More spread out for each STEM major.
66	They can add in second year students.
67	N/A
68	Unsure.
69	Unsure at this time
70	Nothing much
71	Focus more on general questions rather than talk for 10 minutes about astronomy :)
72	Bringing in more counselors.

Cuyamaca Student Success Day Survey - Fall 2019

---

73	Nothing :)
74	:) two tacos
75	Take students to the other buildings in carts.
76	N/A everything was great.
77	Everything was good
78	By having more food, other than that it's great.

---
