Q1 Contact Person

Name **Rob Wojtkowski**
Email Address **rob.wojtkowski@gcccd.edu**

Q2 Department

Exercise Science

Q3 Fiscal Year of Request **2019-2020**

Q4 Title of Request

Air Conditioning in D100

Q5 Location of Request

D100

Q6 Description Please provide a brief description of the space or items being requested.

Currently D100 does not have air conditioning. The ES department is requesting air conditioning to be installed in the gym.

Facilities Request Form

Q7 Please provide the justification for the request, discussing the following: How will the request (and associated program review goal) support the College's mission and strategic priorities? Does the request address any health, safety, or security issues? If so, please describe them. What do program or service area data indicate with regard to growth in increased demand for services? How will the request advance the continuous quality improvement of the department or work area?

The lack of air conditioning in D100 (gym) is having a negative effect on our students health and safety. Numerous students have suffered heat exhaustion in the gym when participating in ES classes. Health service technicians from our campus have had to make numerous "visits" to D100 to escort students via their golf carts to the cool health offices to recover from heat exhaustion. Moreover, many of our older students enrolled in our ES courses could suffer severe injury due to heat exhaustion.

Air conditioning in D100 will cause direct improvement in not only our department but also our work area. It is very difficult to teach when it is 95 degrees in D100. With air conditioning, our instructors can actually teach instead of constantly monitoring the safety of the students who must participate in these unsafe conditions.

Q8 What is the estimated one-time cost of the request?

100000
