Peer review for purposes of improvement:

Support of College Strategic Goals: Information beyond course success rates is needed to demonstrate how the program is supporting College Strategic Goals.

Planning: More concrete information is needed to shed more light on planning.

SLO/PLO Assessment Status: Faculty acknowledged that the SLO assessment plans were not particularly informative. There are plans to improve the process.

Data Analysis: Data was included, particularly around success rates, but limited analysis was done.

Commendations: The committee commends the {Dept} on the following:

- Increasing the number of degrees awarded last year by 57%.

Recommendations: The committee recommends the following:

- Further unpack data from RE 193 to look into the cause of the steady drop in success rate and determine a course of action to address it.
- Consider professional development opportunities around culturally relevant pedagogy.
- Provide more detail (beyond course success rates) in next program review as to how the Real Estate programs support College Strategic Goals.
