Page 1: For Annual Planning/Program Review Requests

Q1 Technology Plan Year **2019-2020**

Q2 Title of Request

Logic Pro license

Q3 Location of Request

B209

Q4 Discipline

Music

Q5 Department

Performing Arts

Q6 Contact Person

Name **Taylor Smith**
Email Address **taylor.smith@gcccd.edu**

Q7 Description Please provide a brief description of the technology/software or technology project and its core goal(s).

\$2000/semester to cover the licensing of Logic Pro X in B209.

Page 2: Proposal Justification

Technology Request Form

Q8 Please explain how the technology or enhancement supports the strategic plan. Include information on how students will be impacted and/or employees or the college or district overall. Consider whether this would be a district-wide implementation. Which Strategic Plan priority (or priorities) are supported by this request? To access the Strategic Plan, please click here.

Student Validation and Engagement

Other (please specify):

Relevancy to current industry/tech landscape

Q9 How does the request support the above priorities?

Students need access to current pro-level software. Logic Pro is the main software used in our recording studios and music technology classes. Without this tech, students do not get the proper training or experience, and are thus less likely to take our classes and are less likely to feel engaged in the process.

Q10 Who would this impact? Please select all that apply.

**Students,
Employees**

Q11 How would this impact the above group(s)?

If we can't let the students use modern technology, the tech class(es) lose their relevancy. Employees will also not have access to current tech.

Q12 Does the technology support a state-wide initiative or is it a legal mandate or in support of a legal mandate?

No

Q13 If yes, please explain how the technology supports a state-wide initiative or is it a legal mandate or in support of a legal mandate?

Respondent skipped this question

Q14 Please be aware that projects, once approved, are typically scheduled 6 months to a year in advance. Consider the consequences if the technology/software is not implemented, upgraded or renewed. What are the consequences if the technology/software is not implemented/upgraded, or renewed? Examples: Security concerns, loss of FTES, mandates, accreditation, etc.

We will lose access to Logic Pro for the 2019–2020 year.

Q15 What is the number of students impacted per semester if the technology/software is not implemented, upgraded or renewed?

24

Q16 What is your preferred time for implementation?

Summer 2019

Technology Request Form

Q17 Tell us how the data you have supports the implementation of the technology. This can be qualitative or quantitative in the form of surveys, observations, SLO or other assessment data, institutional research data or other reports and data.

The yearly license to Logic Pro will expire in Sept 2019.

Q18 Please attach any supporting data/documentation using the "Upload" button below.

Respondent skipped this question

Page 3: COST ANALYSIS

Q19 Is the request for hardware or software?

Software

Q20 Is the request for new or an upgrade to existing technology?

Upgrade (replacing outdated technology)

Q21 Estimated or known total initial cost of request: This includes hardware and software maintenance, licences, taxes, fees, shipping, storage, etc.

\$2000/semester

Q22 Funding Source:

General Fund

Q23 Please attach quote using the "Upload" button below.

Respondent skipped this question

Q24 Evaluationi. How do you plan to evaluate the technology after implementation?

Student success rates will reflect mastery of current technology.

Page 4

Q25 Are you ready to submit your technology request?

Yes
