Page 1: For Annual Planning/Program Review Requests

Q1 Technology Plan Year **2019-2020**

Q2 Title of Request

Instructor Computer

Q3 Location of Request

H-223

Q4 Discipline

Physics

Q5 Department

Math, Science, and Engineering

Q6 Contact Person

Name	Miriam Simpson
Email Address	miriam.simpson@gcccd.edu

Q7 Description Please provide a brief description of the technology/software or technology project and its core goal(s).

Physics does not currently have a computer in H-223 that instructors can use. We would like a laptop or a desktop on a cart that can be moved when we do high voltage demonstrations. Apple is preferred as much of our content is Apple-based.

Page 2: Proposal Justification

Technology Request Form

Q8 Please explain how the technology or enhancement supports the strategic plan. Include information on how students will be impacted and/or employees or the college or district overall. Consider whether this would be a district-wide implementation. Which Strategic Plan priority (or priorities) are supported by this request? To access the Strategic Plan, please click here.

Student Validation and Engagement

Other (please specify):

This is supposed to be standard in a classroom.

Q9 How does the request support the above priorities?

If an instructor does not have a computer they provide themselves, they cannot use the lecture content provided by the discipline and are severely limited in their teaching tools making it more difficult to do active learning exercises and engage students.

Q10 Who would this impact? Please select all that apply.

Students,
Employees,
College,
District

Q11 How would this impact the above group(s)?

Instructors will be unable to teach effectively meaning students will be hurt and enrollment/course quality could drop and impact funding.

Q12 Does the technology support a state-wide initiative or is it a legal mandate or in support of a legal mandate?

No

Q13 If yes, please explain how the technology supports a state-wide initiative or is it a legal mandate or in support of a legal mandate?

Respondent skipped this question

Q14 Please be aware that projects, once approved, are typically scheduled 6 months to a year in advance. Consider the consequences if the technology/software is not implemented, upgraded or renewed. What are the consequences if the technology/software is not implemented/upgraded, or renewed? Examples: Security concerns, loss of FTES, mandates, accreditation, etc.

We could lose enrollment as instructors are forced to do more traditional lectures.

Q15 What is the number of students impacted per semester if the technology/software is not implemented, upgraded or renewed?

280

Q16 What is your preferred time for implementation?

Fall 2019

Technology Request Form

Q17 Tell us how the data you have supports the implementation of the technology. This can be qualitative or quantitative in the form of surveys, observations, SLO or other assessment data, institutional research data or other reports and data.

Respondent skipped this question

Q18 Please attach any supporting data/documentation using the "Upload" button below.

Respondent skipped this question

Page 3: COST ANALYSIS

Q19 Is the request for hardware or software?

Hardware

Q20 Is the request for new or an upgrade to existing technology?

New (new to the campus)

Q21 Estimated or known total initial cost of request: This includes hardware and software maintenance, licences, taxes, fees, shipping, storage, etc.

1,349.72

Q22 Funding Source:

General Fund

Q23 Please attach quote using the "Upload" button below.

MacBookQuote.pdf (132.9KB)

Q24 Evaluationi. How do you plan to evaluate the technology after implementation?

It will be evaluated in the SLO data and by looking at enrollment and surveying part-time instructor satisfaction

Page 4

Q25 Are you ready to submit your technology request?

Yes
