

# Sophomore Seminar

.....

The purpose of the Sophomore Seminars is to provide presentations throughout the year at Cuyamaca College to inform students of the transfer process/requirements, meeting transfer deadlines, information on financial aid assistance, and guidance with career certificate preparation. Sophomore Seminars also provides second year students with an opportunity to meet academic counselors to review their Comprehensive Educational Plans. Sophomore students will meet with Peer Mentors that are prepared to specifically work with second year students.

LEARN MORE. THINK MORE.  
ACHIEVE MORE.
