

Human Sexuality – Unit 3 Homework Assignment

For the Unit 3 Homework I want you to find me an article of interest related to Human Sexuality. It can be on any topic you're interested in learning more about. Provide at least a link to the article, but preferably either an electronic file (PDF) or paper copy of the article itself. Then write a page or so briefly summarizing the article, what you learned from it, and describing why you think it's interesting and how it might fit in for use in future classes (either as a homework assignment, supplement to lecture materials or some other way).
